

50 Years of Development
driven by Innovation

Chronicle Story

Established in 1973, Spruce Group has been a leading provider of exceptional services to the Indian defence forces. Headquartered in Visakhapatnam, our operations span a diverse range of defence, marine and government sectors. We are renowned for our quality and reliability, making us a key player in these sectors nationwide.

We specialize in providing customized solutions, excelling in advanced technology products, services, and project management. Our commitment to growth and innovation has solidified our leadership in the industry. Explore our history, capabilities, and dedication that have made Spruce Group a trusted partner in defence and other government sectors in India.

A Legacy of Excellence Since 1973

SPRUCE GROUP COMPANIES

ABOUT US

OVERVIEW

Spruce Group takes immense pride in presenting itself as a premier "Comprehensive Solution Provider", leveraging our experience in providing World Class Products, Services and wide-spectrum Turn Key Solutions. Headquartered at Vishakhapatnam, our organization boasts a formidable nation-wide presence with strategically positioned service points at Visakhapatnam, Mumbai, Kochi, Karwar, Goa, Varanasi and Delhi. Beyond national borders, our influence spans globally with a significant number of affiliations with a multitude of Industry Leaders positioned at Singapore, Dubai & USA. We distinguish ourselves through our team of highly skilled technical experts, equipped with the latest and most advanced equipment. Within our advanced integrated facility of over 40,000 square feet and an additional upcoming facility spread over 60,000 square feet, we possess capabilities to undertake diverse types of engineering turnkey works, supply & installation of specialized equipments, manufacturing of hydraulic & lifting equipments along with other engineering products, manufacturing of crafts, boats, hovercrafts & other marine vessels, structures & manufacturing of UAV'S/Drones, Robotics & other innovative solutions.

OUR VISION

We are venturing into new realms through strategic alliances with industry leaders in manned & unmanned systems, artificial intelligence integrations and marine & land solutions, Our entry into these cutting-edge sectors is complemented by the expansion of our in-house capabilities. Through the development of advanced production facilities, enhanced with IT solutions, within our integrated facilities; we are poised to pioneer new technologies and make significant strides in the industry through innovation and development. Our commitment to excellence will continue to ensure that we offer Multi-Level Solutions to seamlessly address the needs of our clients by delivering exceptional quality of work on time.

FUTURE
IN THE MAKING

Spruce Engineering Pvt. Ltd.,

We specialize in delivering comprehensive Turnkey and EPC (Engineering, Procurement & Construction) solutions, driving excellence across multiple sectors including mechanical, electrical, and civil infrastructure. With a commitment to quality, innovation, and precision, we serve as a trusted partner for large-scale industrial and public sector projects.

Our expertise spans a wide array of technical capabilities & services:

EPC & Turnkey Projects.

Mechanical & Electrical Systems & Infrastructure.

Chemical & Water Treatment Facilities & Infrastructure.

Engineering / Electrical Machinery & Equipments.

Indigenous Development Projects.

Machinery repair , maintenance , overhauling & survey.

We are proud to support India's growth through smart engineering and indigenous innovation. Our integrated approach ensures seamless coordination between design, execution, and commissioning, resulting in timely and cost-effective delivery. Backed by a team of skilled professionals and a robust quality framework, Spruce Engineering is committed to exceeding expectations and setting benchmarks in the engineering domain.

RANGE OF PRODUCTS , SOLUTIONS & SERVICES

- ❖ Turnkey & EPC Projects.
- ❖ Mechanical & Electrical Systems & Infrastructure.
- ❖ Engineering / Electrical Machinery & Equipments.
- ❖ Chemical & Water Treatment Facilities & Infrastructure.
- ❖ Indigenous Development Projects.
- ❖ Machinery repair, maintenance, overhauling & survey.

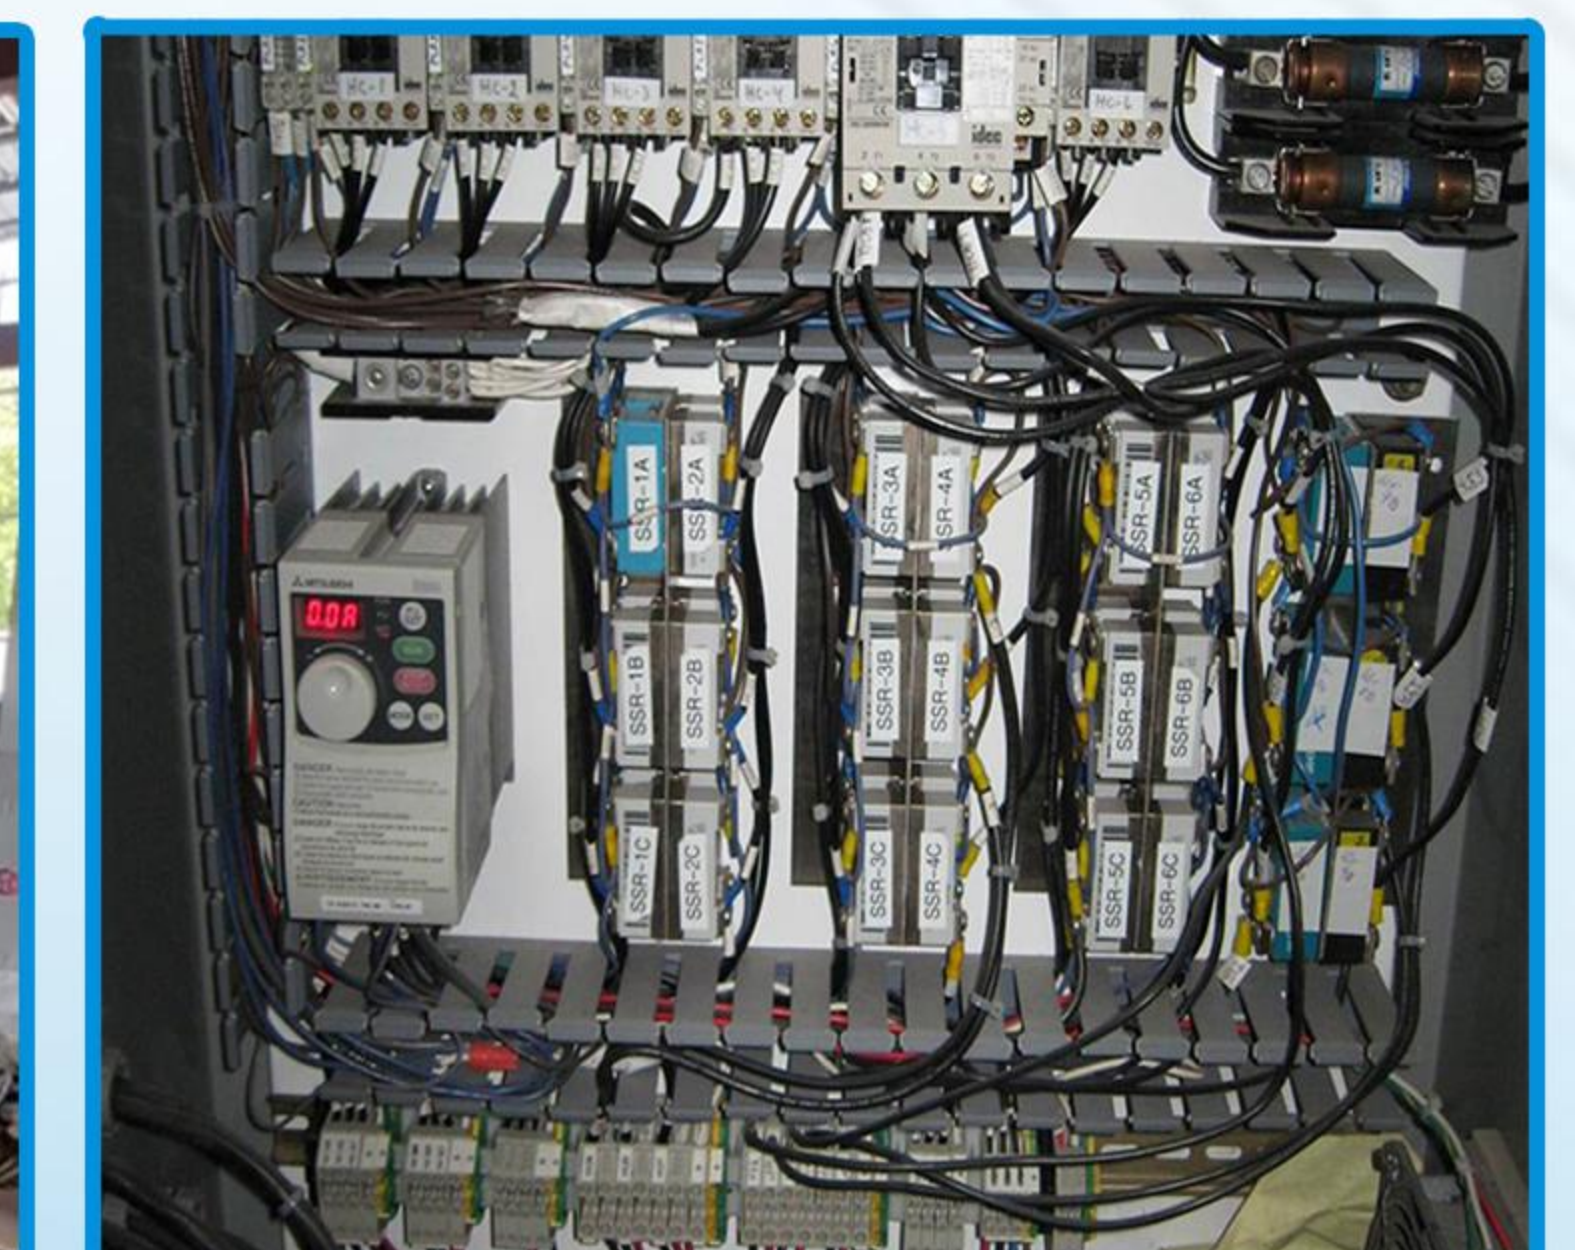

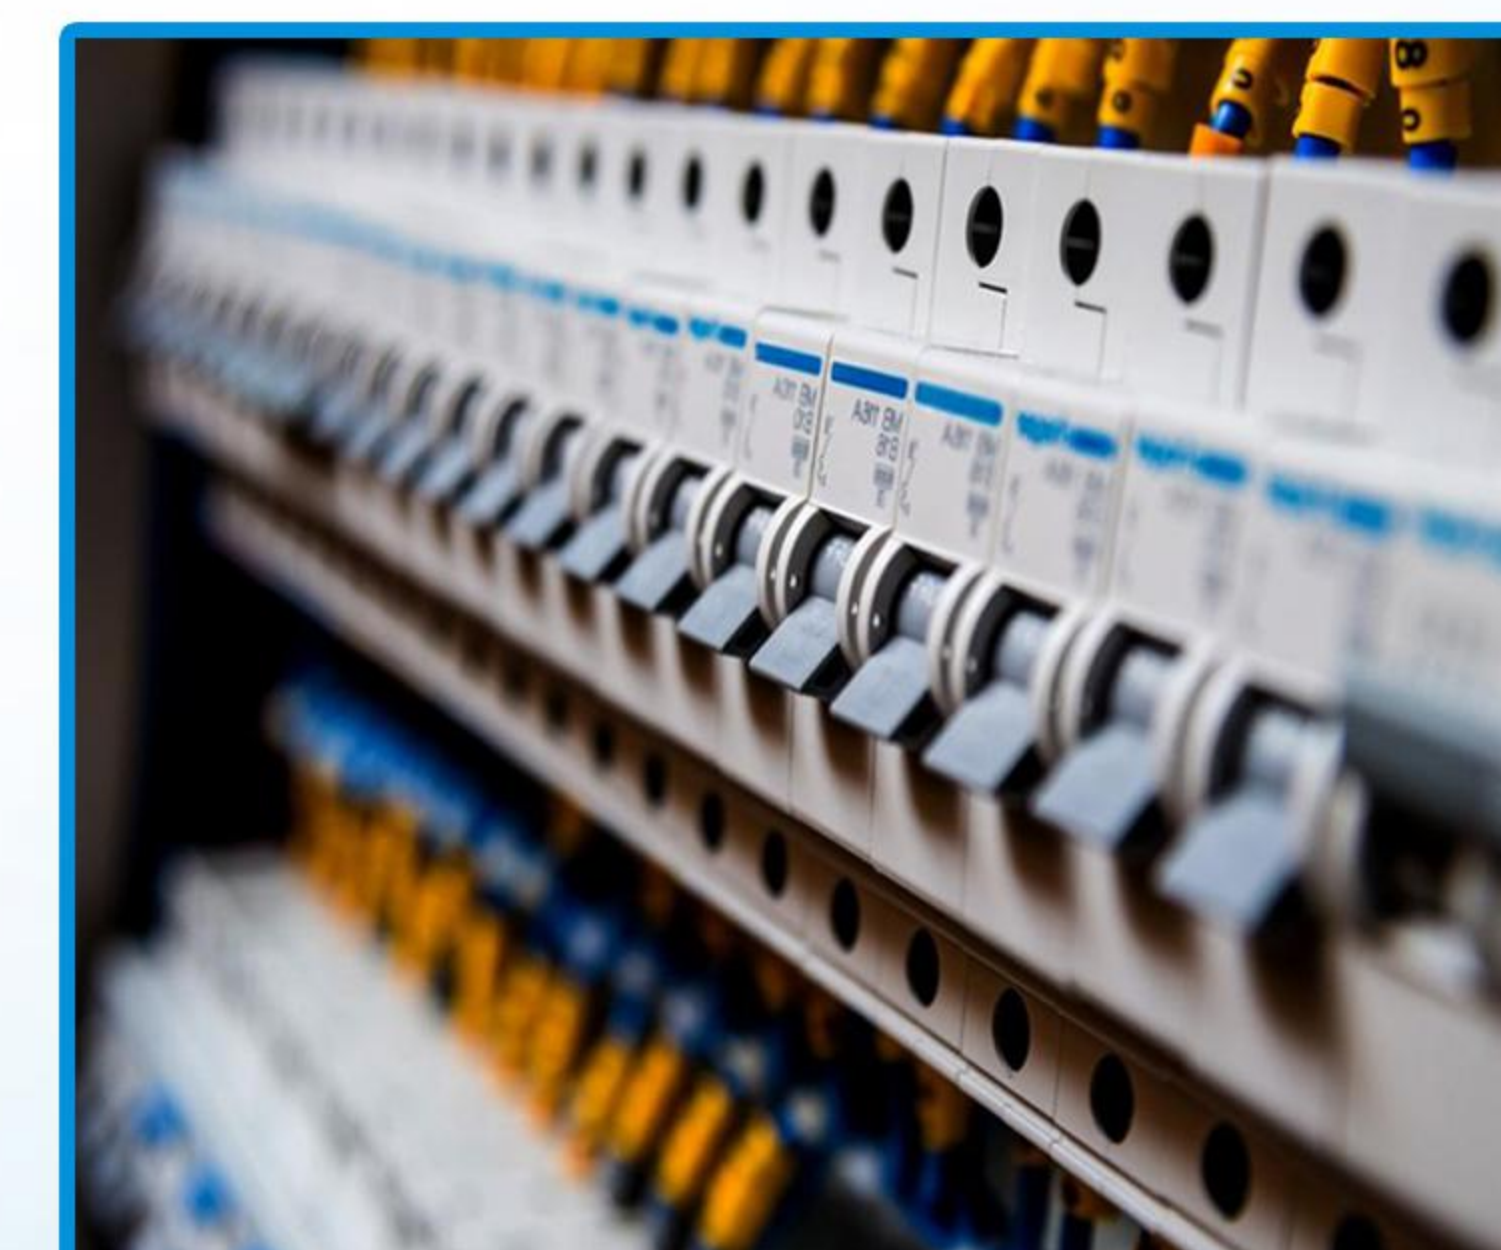

TURNKEY & EPC PROJECTS

Driven by our commitment to turnkey solutions and EPC projects, we have evolved across products, services, and advanced technologies. Guided by our founder's vision, we continue to grow and lead through innovation, excellence, and timely project execution.

MECHANICAL & ELECTRICAL SYSTEMS & INFRASTRUCTURE

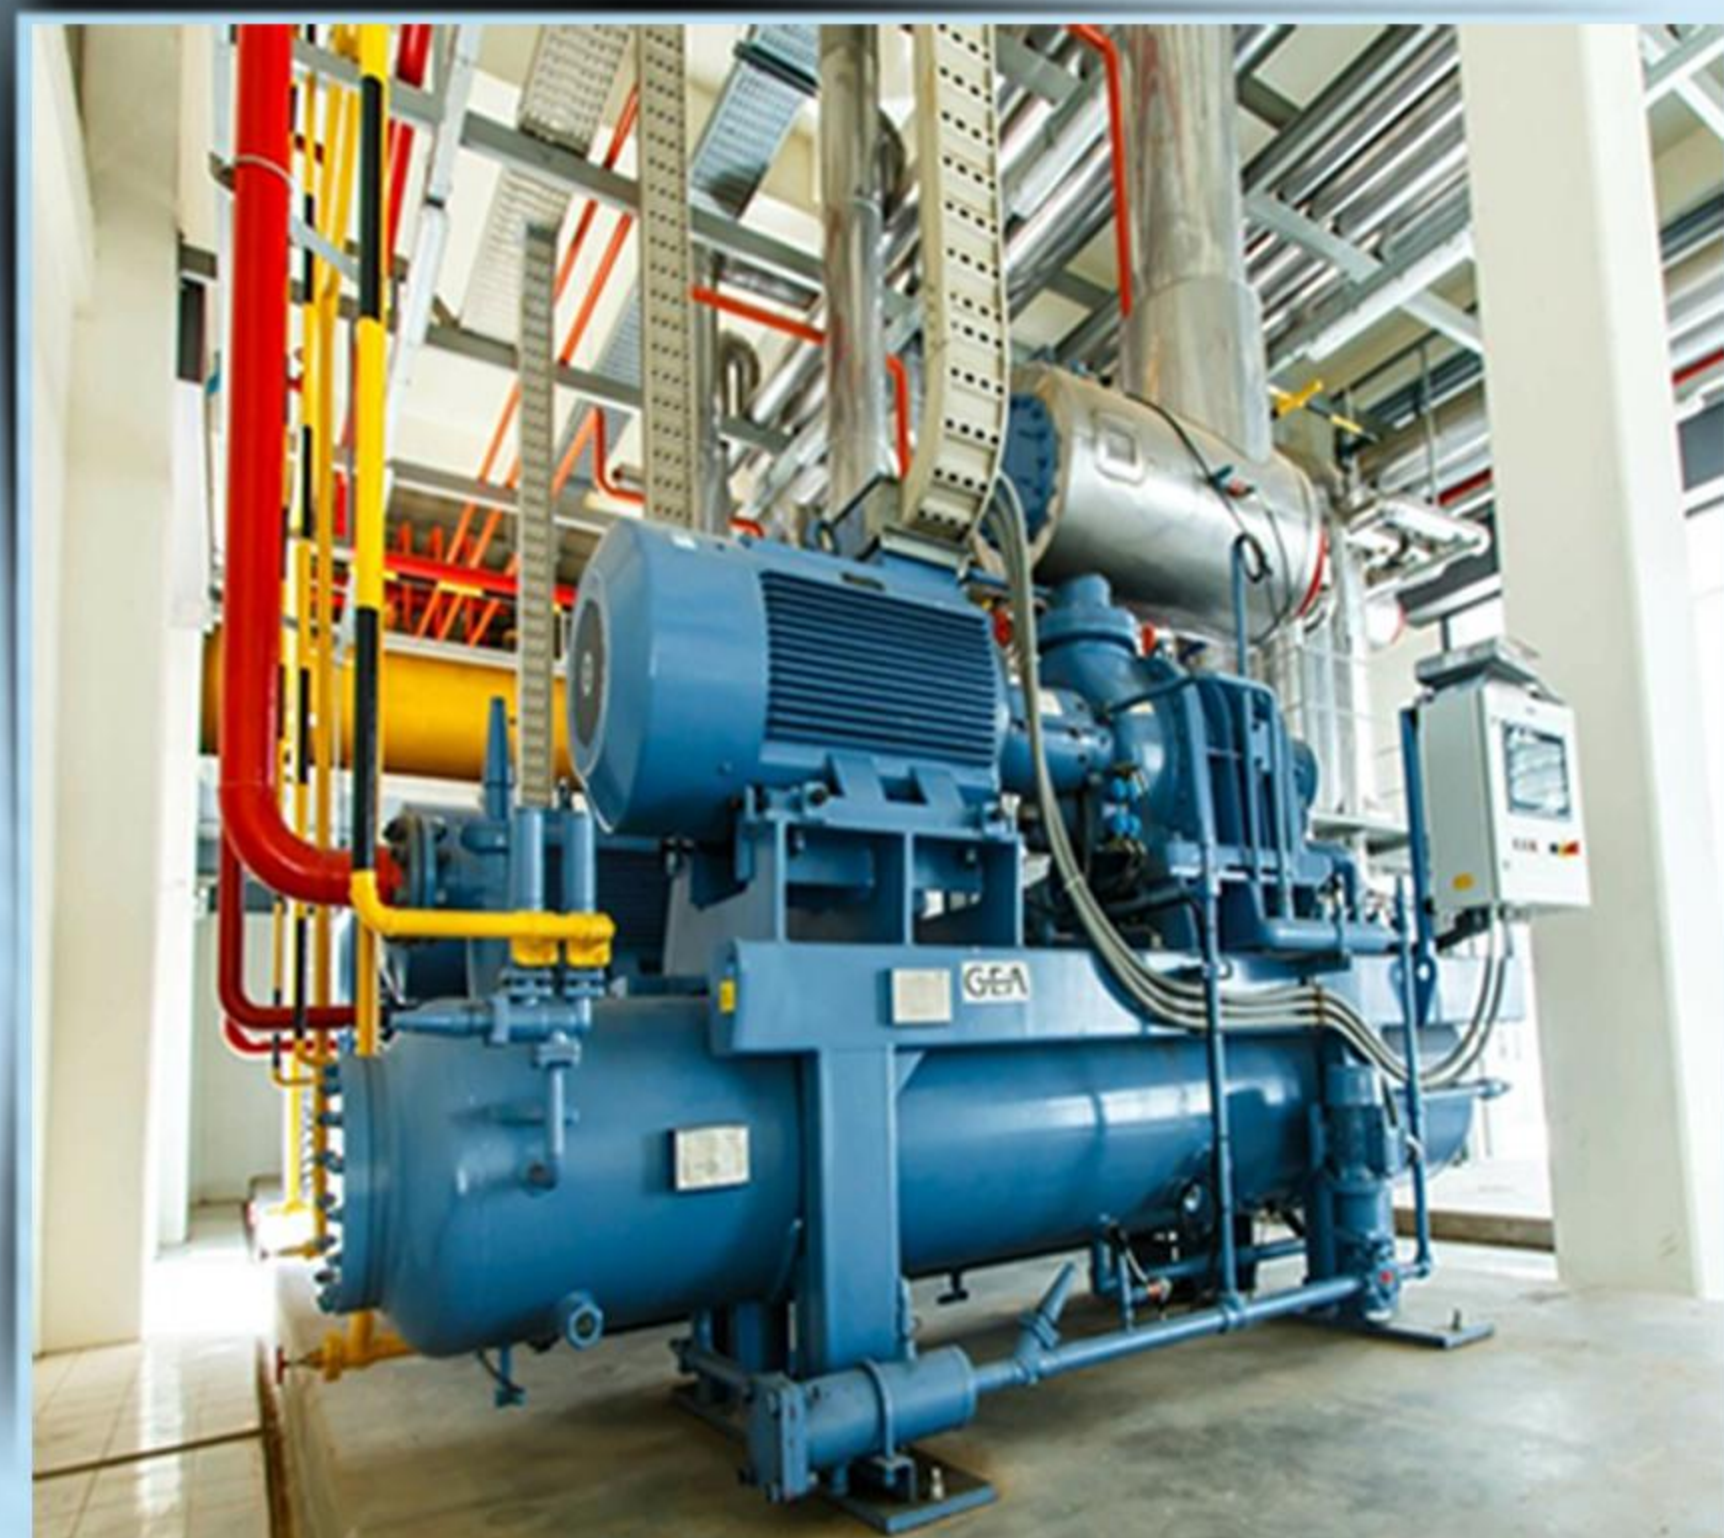

We provide comprehensive electrical solutions, including HT/LT panels, instrumentation panels, wireless control systems, smart grid and distribution solutions delivering quality, reliability, and performance across every project.

ENGINEERING MACHINERY & EQUIPMENTS

Power Your Projects with Precision - Discover our range of customized engineering machinery, systems, and sub-systems—designed for seamless integration and optimal performance.

Casted & Forged Components - Engineered for strength, durability, and precision, our high-performance components deliver reliable solutions across diverse industries.

WHY WE STAND OUT

- ✓ World class integrated manufacturing facilities with latest equipments & infrastructure
- ✓ Comprehensive Solutions in mechanical, electrical, electronics.
- ✓ Skilled Professionals
- ✓ Customer-Centric Approach
- ✓ On-time delivery

Experience the difference with Spruce Group. Let us turn your concepts into reality, delivering unparalleled quality on time!.

Spruce Heavy Industries Pvt. Ltd.,

We are a leading force in advanced and heavy equipment manufacturing, delivering robust, reliable, and high-performance solutions for industrial, infrastructure, and defense applications. With a strong foundation in precision engineering, we specialize in the design and production of all types of cranes, hydraulic cylinders, and other customized solutions tailored to meet the dynamic needs of modern industries.

Our extensive product and service portfolio includes:

Heavy Structural Fabrication & Integration.

Cranes & Heavy Lifting Solutions.

Heating / Cooling Systems.

Fuel Handling Systems.

Custom Engineered Equipments.

Weapon & Ammunition Storage & Management Systems.

Pre - Engineered Buildings & Solutions.

We take pride in engineering excellence, operational durability, and cutting-edge manufacturing capabilities. At Spruce Heavy Industries, every product is designed with precision and built for performance, ensuring maximum uptime and safety in critical operations. Our commitment to innovation and quality continues to power industries and infrastructure projects across India and beyond.

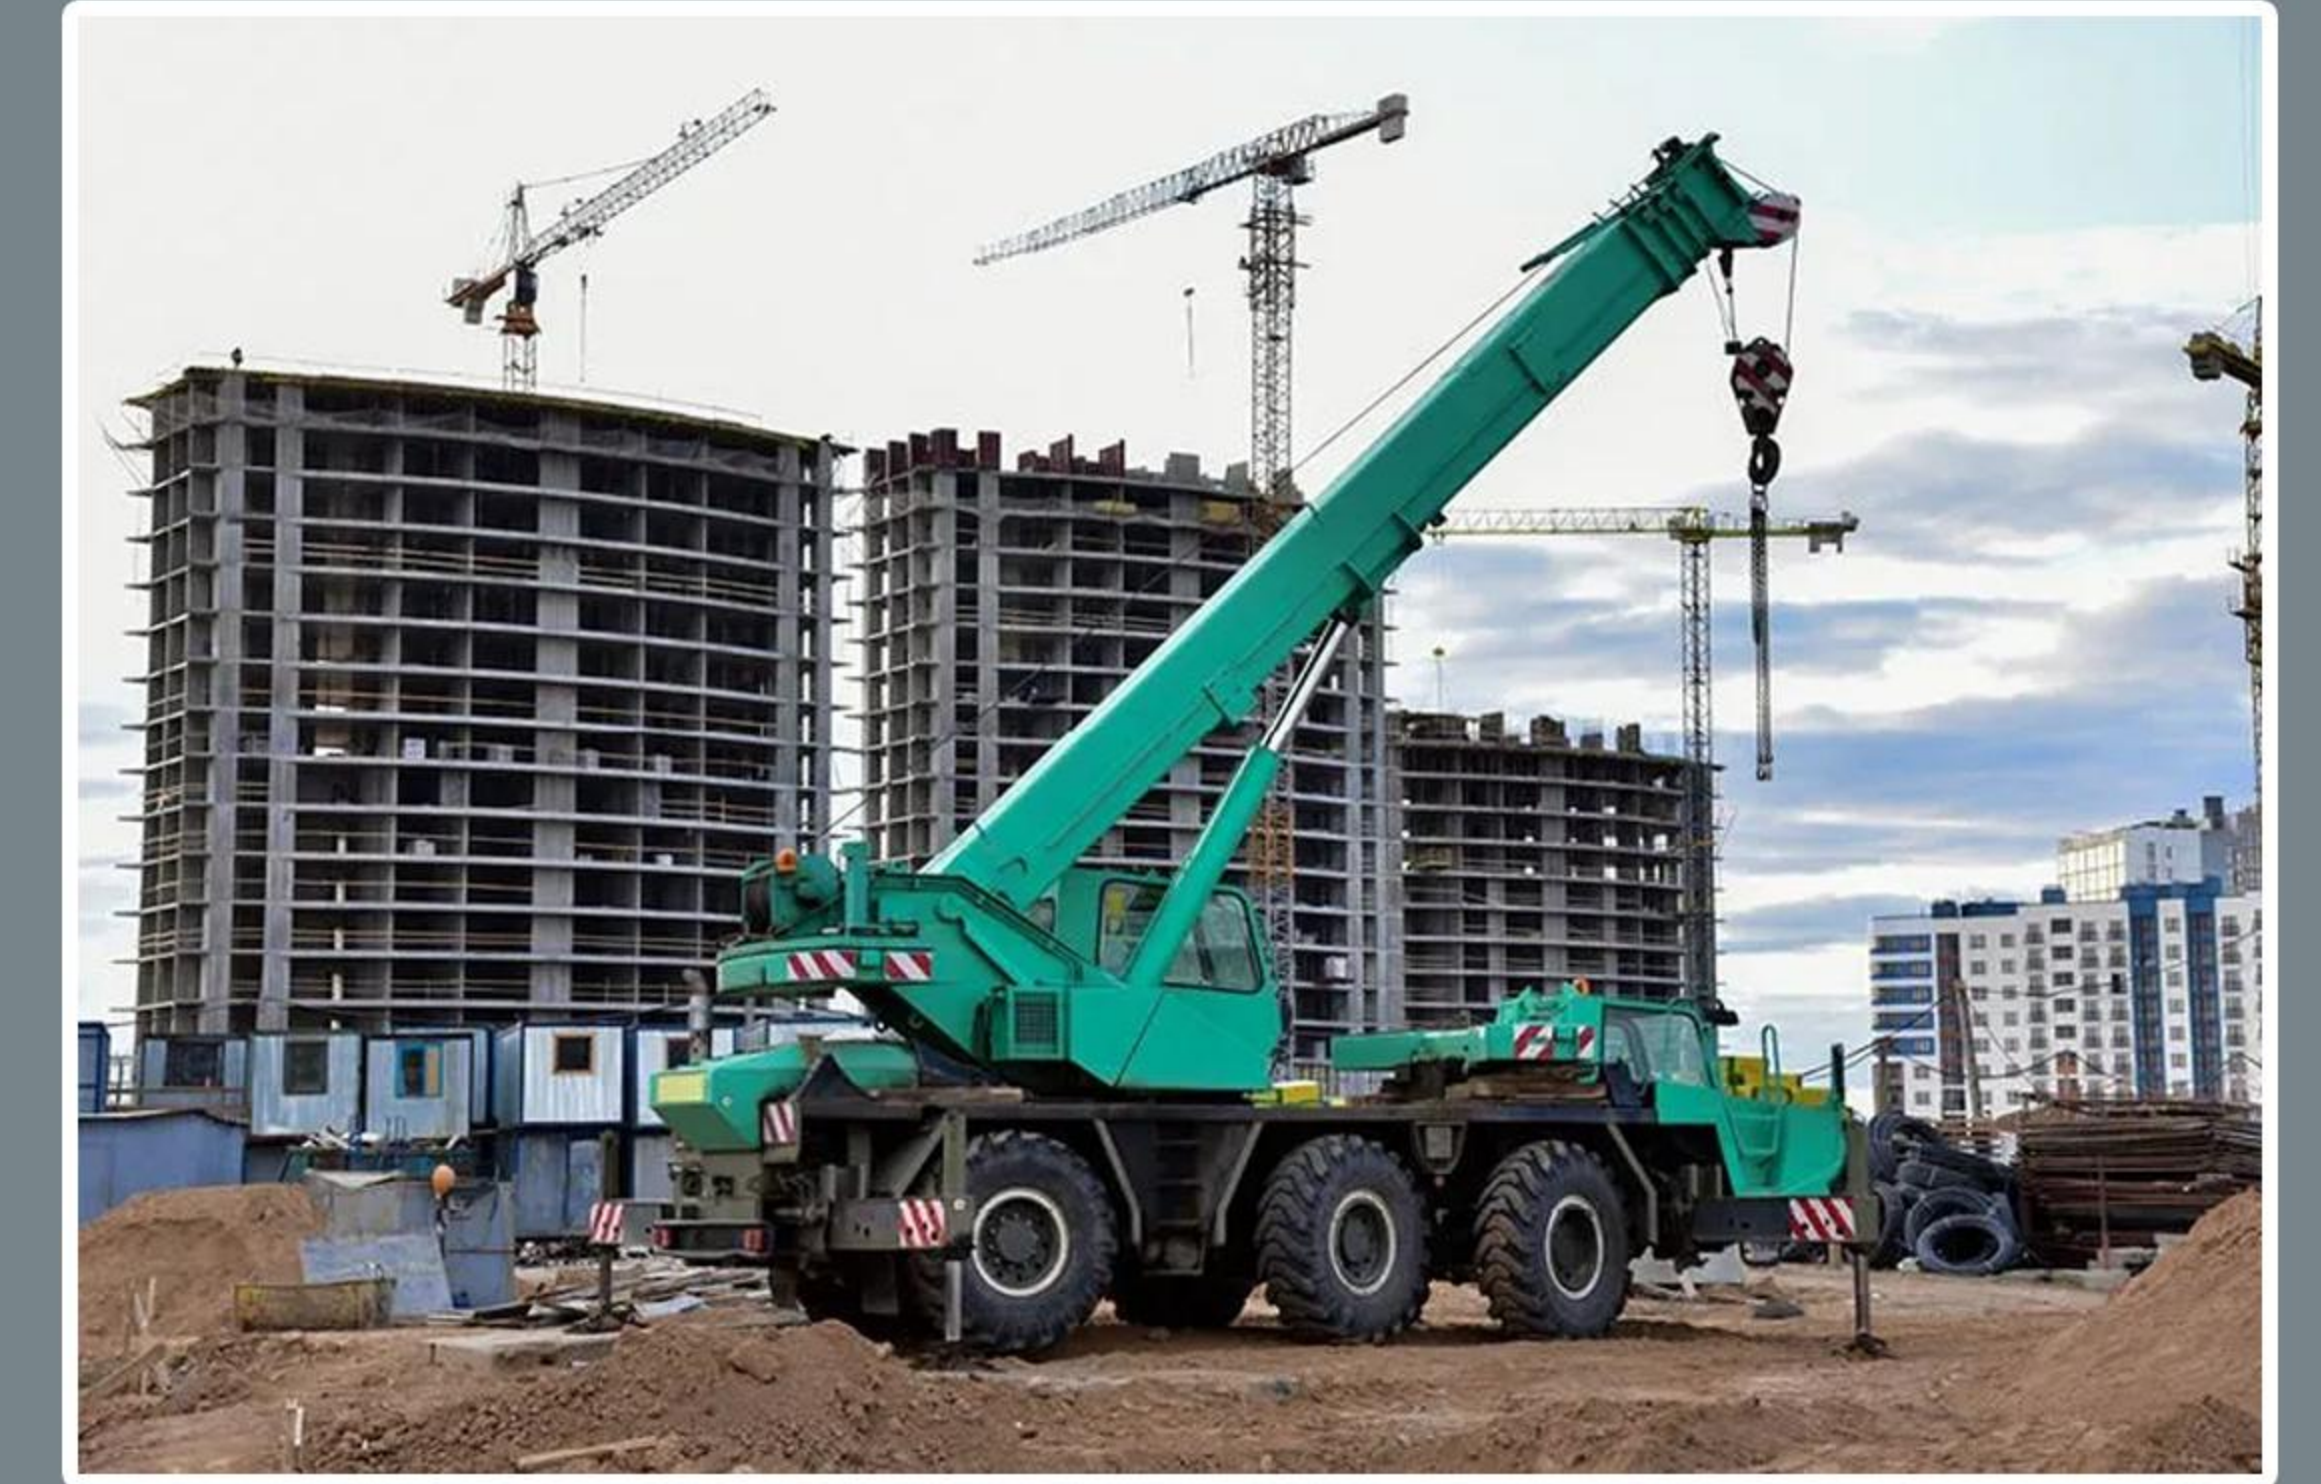

RANGE OF PRODUCTS :

- ❖ Heavy Structural Fabrication & integration.
- ❖ Cranes & Heavy Lifting Solutions.
- ❖ Heating / Cooling Systems.
- ❖ Fuel Handling Systems.
- ❖ Custom Engineered Equipments.
- ❖ Weapon & Ammunition Storage & Management Systems.
- ❖ Pre - Engineered Buildings & Solutions.

MATERIAL HANDLING , HEAVY LIFTING & STORAGE SOLUTIONS

We provide a wide range of machines and mobile cranes, DA & DG sets, high-pressure compressors, aircraft ground support equipment, and material processing systems. Our offerings includes wide range of customized material handling, storage lifting & hydraulic solutions for diverse engineering needs.

Spruce Marine Systems Pvt. Ltd.,

We are a pioneering force in the marine engineering sector, specializing in the design, development, and manufacturing of cutting-edge marine vessels and infrastructure.

Our diverse portfolio includes :

Air Cushion Vehicle (Hovercraft).

Unmanned Surface Vessels (USV).

Unmanned Underwater Vessels (UUV).

Diving & Recompression Chambers.

FRP/GRP/Aluminium Crafts & Boats.

Other Marine Vessels & Infrastructure.

We are also a trusted partner in delivering turnkey marine infrastructure solutions, supporting vital operations across ports, harbours, and offshore environments. Our vessels and systems cater to cargo logistics, passenger transport, and specialized offshore missions—enabling our clients to operate with precision and confidence in demanding maritime conditions.

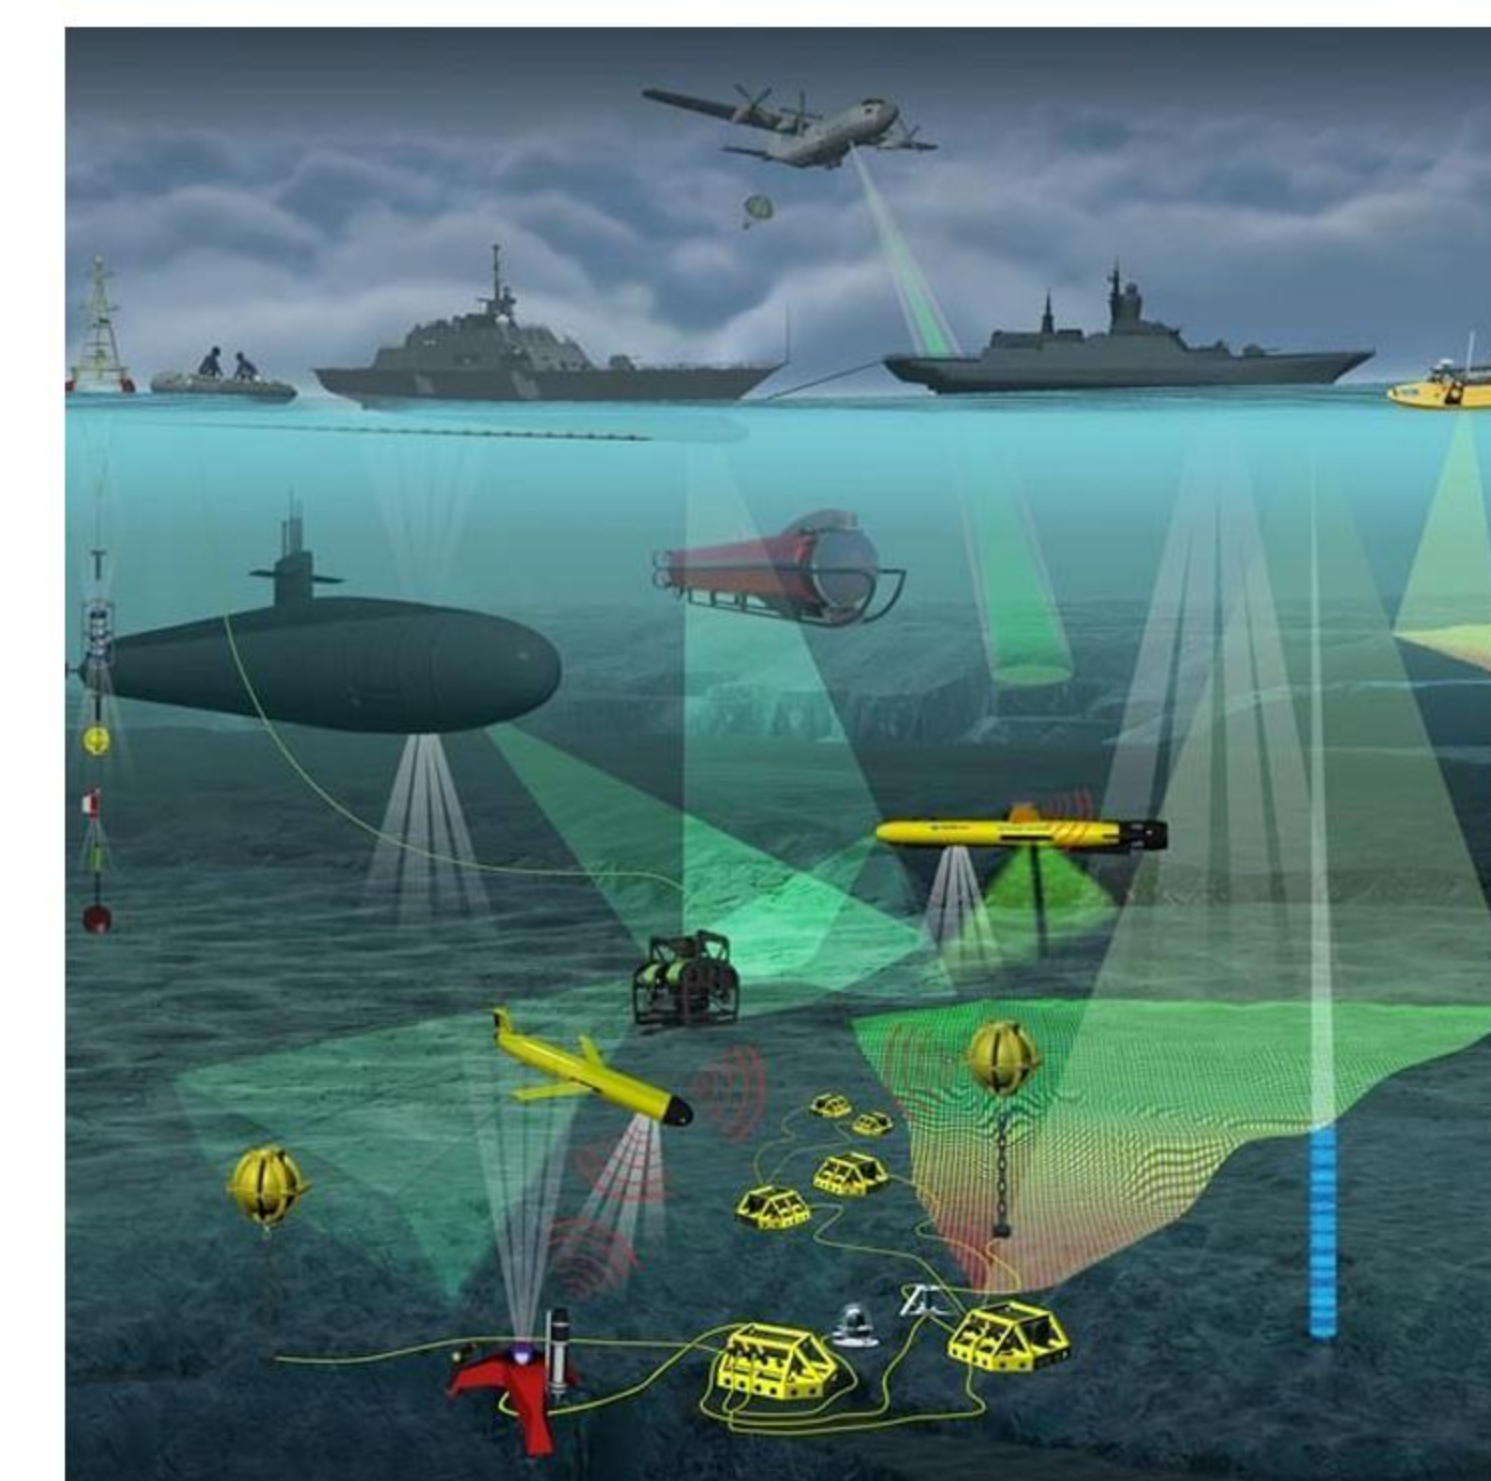

From dredging and subsea construction to hydrographic surveys to manufacturing of marine vessels, Spruce Marine Systems is committed to sustainable, efficient, and technologically advanced marine solutions. Our mission is to strengthen global trade, energy, and transportation through robust engineering, unwavering quality, and future-ready solutions.

SPRUCE
Marine Systems (P) Ltd.

RANGE OF PRODUCTS

- ❖ Air Cushion Vehicle (Hovercraft).
- ❖ Unmanned Surface Vessels (USV).
- ❖ Unmanned Underwater Vehicles (UUV).
- ❖ Diving & Recompression Chambers.
- ❖ FRP/GRP/Aluminium Crafts & Boats.
- ❖ Other Marine Vessels & Infrastructure.

UNMANNED SURFACE VESSEL

Spruce Advanced Systems Pvt. Ltd.,

We are a dynamic technology-driven company specializing in the design and delivery of next-generation solutions across UAVs/drones, robotics, simulators, emulators, and cutting-edge systems in optics, artificial intelligence, and emerging technologies. Our mission is to empower industries with intelligent, adaptive, and future-ready solutions that meet the demands of modern operational challenges.

We also provide a comprehensive range of advanced security and surveillance technologies:

Unmanned Aerial vehicles (UAV).

Robotic Solutions & Systems.

AI Solutions.

Simulators & Emulators.

IT Infrastructure Solutions.

Security Surveillance System & Infrastructure.

Other Manned & Unmanned Solutions.

Spruce Advanced Systems is committed to innovation, excellence, and delivering smart technology that safeguards, enhances, and transforms operational environments.

RANGE OF PRODUCTS

- ❖ Unmanned Aerial Vehicles (UAV).
- ❖ Robotic Solutions & Systems.
- ❖ AI Solutions.
- ❖ Simulators / Emulators.
- ❖ IT Infrastructure & Solutions.
- ❖ Security Surveillance Systems & Infrastructure.
- ❖ All types of Manned & Unmanned Solutions.

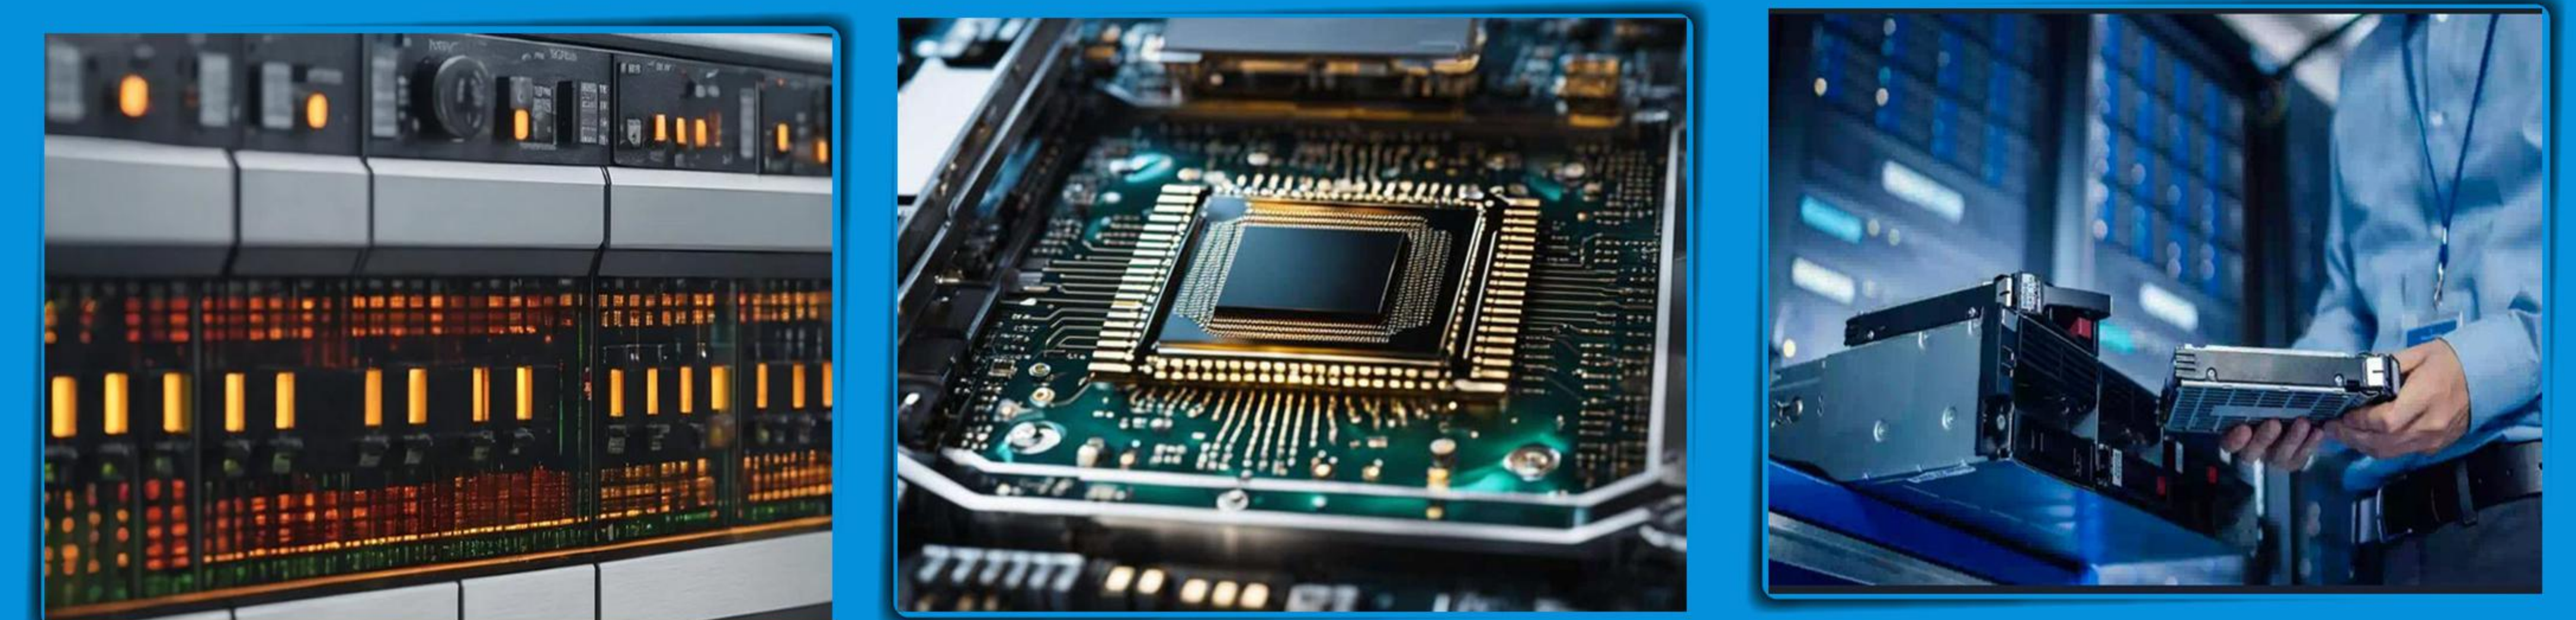

SECURITY SURVEILLANCE SYSTEMS & INFRASTRUCTURE.

Explore our comprehensive range of security systems, including drones and anti-drone technologies, advanced surveillance solutions, automated alarms, access control systems, and more—designed to ensure safety, reliability, and operational efficiency.

IT INFRASTRUCTURE & SOLUTIONS.

Unlock innovation with our Customised IT equipment and modern solutions. From hardware to software, we provide the tools for your digital success.

Our Journey

1973

Company Start-up initiation

In the busy streets of New Delhi, SPRUCE GROUP planted its humble roots in 1973, driven by a vision to excel in the providing precision machined products to various Governement Sector clients in the country.

1985

A new base in Vishakhapatnam

Relocated operations to Vishakhapatnam, becoming a key supplier of specialized equipment to its clients like Rolls Royce Thermal, NTPC and also to the Indian Defence Forces.

2001

New facility setup at Vishakhapatnam

Inaugurating our maiden facility in Vishakhapatnam with the goal of expanding our capabilities into electro-mechanical projects and heavy fabrication. This strategic leap broadened our array of solutions, enhancing our capacity to cater to our esteemed clients.

2012

Second facility setup in Vishakhapatnam

Further augmenting our existing expertise & facility, a second facility focussed on non-metal fabrication , manufacturing & integration of electrical & electronic systems was inaugurated to enable the company cater to a broader spectrum of requirements.

2019

Regional office setup in Mumbai

Set up a regional office in Mumbai aimed at enhancing our service to valued client in region. This milestone further cements our footprint in the western sector, fortifying our commitment to delivering unparalleled support and expertise to our clientele.

2022

Subsidiary firm in Dubai

Registered a new subsidiary firm in Dubai, focussed on facilitating the tie-ups with multinationals & bring latest technology products & solutions into India. This marks our international presence and enhances our ability to deliver top-tier solutions.

2024

Global tie-ups with multiple foreign entities in an effort to indigenously develop and offer solutions

Our Presence
